To Olive E. Barker, a constable of the Town of Lovell in the County of Oxford and the State of Maine:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lovell, qualified to vote in town affairs, to meet at the town house in said town on Monday, 7th day of March, A. D. 1932, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the year ensuing.

Art. 3. To see if the town will accept the report of the municipal officers for the year 1931.

Art. 4. To choose all other necessary town officers.

Art. 5. To see if the town will vote to grant and raise for elementary and secondary schools, including teachers' wages and board, fuel, janitors' service, conveyance, tuition, board of pupils, textbooks, reference books and school supplies for desk use for the ensuing year the sum of \$6,175.00, more or less.

Art. 6. To see if the town will vote to grant and raise for repair of school buildings for the ensuing year, the sum of \$100.00, more or less.

Art. 7. To choose one member of the school board, who shall serve three years.

Art. 8. To see if the town will vote to grant and raise the sum of five dollars (\$5.00) per school, the same to be given to each school that raises a like amount, providing (1) that all the money is to be spent for school improvements under the direction of the superintendent or school board; (2) that schools raising less than five dollars (\$5.00) shall be assisted dollar for dollar.

Art. 9. To see if the town will vote to employ a school physician and raise the sum of \$25.00, more or less.

Art. 10. To see what action the town will take in regard to those schools which have had an average attendance of less than eight for the past year.

Art. 11. To see if the town will vote to pay the school board for their services and how much.

Art. 12. To decide by vote how to have your taxes collected for the ensuing year.

Art. 13. To choose a collector of taxes and decide by vote the rate of collection per dollar.

Art. 14. To see what action the town will take in the time and method of collecting its taxes as permitted by Sec. 1, Chapter 11, Laws Relating to Taxation, State of Maine.

Art. 15. To see if the town will vote to purchase the bonds required by law for the town officers for 1932 and will vote to grant and raise the sum of \$50.00, more or less.

Art. 16. To see what sum of money the town will vote to grant and raise for Maine Publicity Department.

Art. 17. To see if the town will vote to grant and raise \$85.00, more or less, to match State Department of Health funds for the support of County Public Health nursing; to continue work with mothers and children, which is now being carried on entirely by the State Department of Health.

Art. 18. To see if the town will vote to grant and raise for town charges for the year ensuing the sum of \$1,800.00, more or less.

Art. 19. To see if the town will vote to grant and raise for the support of poor for the year ensuing the sum of \$1,200.00, more or less.

Art. 20. To see if the town will vote to grant and raise for Memorial observance the sum of \$25.00, more or less.

Art. 21. To see if the town will vote to grant and raise for repairing highways, town ways and bridges the sum of \$3,000.00, more or less.

Art. 22. To see if the town will vote to grant and raise for the (so-called) 50-50 maintenance work on state aid road in addition to the amount raised for ways, highways and bridges the sum of \$50.00, more or less.

Art. 23. To see if the town will vote to grant and raise for maintenance of third class road in addition to amount raised for ways, highways and bridges the sum of \$602.00.

Art. 24. To see if the town will vote to grant and raise for cutting down bushes on state aid road and third class road in addition to the amount raised for ways, highways and bridges the sum of \$200.00, more or less.

Art. 25. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to state aid, as provided in Sec. 20 of Chapter 130 of the Public Laws of 1913.

Art. 26. To see what sum of money the town will vote to grant and raise under the Three Town Act on a road designated from State Highway Commission through Bridgton and Sweden, thence over the Lovell state aid road to the Stoneham town line, the above road being the most traveled road from Bridgton to Lovell.

Art. 27. To see if the town will instruct the selectmen to enter into an agreement with the State Highway Commission for patrolling such highways as they may agree upon.

Art. 28. To see if the town will vote to grant and raise for patrolling such highways as the selectmen agree upon with the State Highway Commission the sum of \$690.00, more or less.

Art. 29. To choose a winter road commissioner, who shall have charge of snow plow — plowing the roads, housing snow plow and making out payrolls for snow removal, etc.

Art. 30. To see if the town will vote to grant and raise in addition to the amount raised for the care of ways, highways and bridges for plowing the highways from February 6, 1932, to February 6, 1933, the sum of \$700.00, more or less.

Art. 31. To see if the town will vote to grant and raise for repairs, insurance and housing snow plow the sum of \$350.00, more or less.

Art. 32. To see what sum of money the town will vote to grant and raise to purchase snow fence for A. D. 1932 and vote the number of feet to purchase.

Art. 34. To see if the town will vote to elect an inland fish and game warden, whose duty it shall be to care for and protect the fish screen on the outlet of Kezar Lake, with powers as given under Sec. 12, Chapter 33 of the R. S. as amended by Chapter 219 of the Public Laws of 1917.

Art. 35. To see if the town will vote to elect one or more fire wards, fix their compensation and raise money for same.

Art. 36. To see if the town will vote to grant and raise for the care of fish screen, outlet of Kezar Lake, the sum of \$125.00, more or less.

Art. 37. To see if the town will vote to authorize the selectmen to borrow money until sufficient tax collections can be made to meet the necessary expenses of the town, and how much.

Art. 38. To see if the town will authorize the selectmen to sell some of the timber on "Town Farm Lot" and Eugene Durgin Homestead if in their judgment the market conditions are such as to make it advisable.

Art. 39. To see what disposition the town will authorize the selectmen to make of the money to be raised from sale of the timber from "Town Farm Lot" or Durgin Homestead.

Art. 40. To see if the town will vote to give a three per cent (3%) discount on all taxes paid on or before July 1, 1932, and raise the sum of \$500.00, more or less, for the same.

Art. 41. To decide by vote on which account the excise auto tax, less the expense of collection, from September 1, 1931, to September 1, 1932, shall be applied.

Art. 42. To see if the town will vote to grant and raise for teaching music in the public schools the sum of \$500.00, more or less.

Art. 43. To see how much money the town will vote to grant and raise for the repair of the clock in the Annie Heald School, so called.

Art. 44. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads built within the past five years in accordance with the provisions of Chapter 271, P. L. 1931.

Art. 45. To see what action the town will take in regard to inducing a physician to settle in the town of Lovell, and to raise money for the same.

Art. 46. To act on any other business that may come legally before said meeting.

The selectmen will be in session at the town house for the purpose of correcting the list of voters on March 7th, at nine o'clock in the forenoon.

Given under our hands at Lovell, Maine, this 19th day of February, A. D. 1932.

GEO. W. WALKER,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Lovell:

Permit me to submit to you my report of the conditions existing in your schools for the year ending January 31, 1932.

This open letter to you will be short, for I shall be at town meeting to answer any questions and to confer with you on any subject pertaining to the schools.

We are fortunate in being able to secure such a corps of superior teachers. Miss Rowe has been with us three years, and the proof of her excellent teaching is found in the good rank of her pupils now in secondary school. Mrs. Pinfold, who will complete her second year in June, is to be commended for her superior community work. At the present time she is planning to conduct a 4-H Club at North Lovell. Miss Barnes resigned her position at Slab City in the fall and Miss Ring continues her work with good success for an inexperienced teacher. Miss Peder-son, a Gorham Normal graduate and classmate of Miss Ring, is doing satisfactory work at the Center.

The teachers have been most loyal to the interests of the town, and it is no fault of theirs that the bill for text-books and supplies is so large. We have needed many new books, as the older books we had were so soiled and worn it was thought best to replace them. Also, music books had to be purchased for all the pupils in town.

The Center Schoolhouse should be painted and the interior of the Annie Heald Schoolhouse should be renovated, but in view of the fact that we should cut taxes as much as possible, we are asking for a small appropriation to cover the cost of painting the roof at North Lovell and the small repairs which become necessary through the year.

Seventy-one of our pupils were examined by the school

physician, all of them by the school nurse and several were given the test for tuberculosis.

The music course has proved to be a great success and we are asking for an appropriation which will cover the cost for the coming year. The children are well started and the money already spent will be wasted to a great extent if the course is discontinued.

Our bill for secondary school tuition is much larger than we expected for we have more students than we planned for and the cost of tuition has increased. This has been paid to Fryeburg Academy for fourteen pupils, to Gould Academy for six, to the town of Norway for two, to Bridgton Academy for one, and to the city of Portland for one. This is a fine showing for the town and we are to be congratulated on this set of ambitious young people.

The Village Improvement League has been very active the past year, and thanks to the hearty support of the citizens, placed a piano in the school building besides paying for a traveling library and for several small items of expense around the schoolhouse. The Center League has raised money for playground equipment. The North Lovell League holds regular meetings while the Slab City League has not been especially active owing to the small membership.

Following are the appropriations recommended by the school committee with the interests of the children in mind. If our schools are to be kept up to their present state of efficiency the amounts named must be raised.

RECOMMENDED APPROPRIATIONS

Teachers, five positions, 34 weeks,	\$3,675.00

	<hr/>

Total to be raised for all school purposes, \$6,700.00

You have spent over \$8,000.00 on your schools the past year; how many of you have investigated this outlay for yourselves? We school people want you to believe our report but we want you to have the pleasure and satisfaction to be had from seeing the groups of fine children in the various sections of the town as they are developing into the future leaders of the town and state. We are proud of the schools of Lovell!

Respectfully submitted,

LOTTIE M. PALMER,

Superintendent of Schools.

REPORT OF SUPERVISOR OF MUSIC

To the School Board and Citizens of Lovell, Greetings:

It becomes my pleasure to await on my sister town with the report of the aim, requirements and progress of the Music Department of the public schools.

The aim of the course in music is to give elementary instruction in sight singing and musical appreciation, so that the pupils may have an all round conception of the art enabling them to participate and understand it to the highest possible degree. Further, to encourage those who have exceptional talent to pursue its study more extensively, not in singing alone, but by taking up other instruments.

I have outlined the following requirements: Instruction in sight singing, using the do, mi, sol system; strict rudiments of music, including notation, time, rhythm, dynamics and keys. Music appreciation and correlation also form an important part of the course, giving the less musical pupils an opportunity to enter into music study from the broadest angle.

Just a few words of explanation regarding correlation, in other words, drawing from a music lesson an arithmetic, geography, or drawing lesson. It is possible to do this with every subject taught, and we have conducted many such lessons during the fall term. Its purpose saves time for the teacher, and strengthens and broadens the mind of the pupil along creative lines of the highest order. This is pioneer work in Maine and New England, and Lovell is one of the first towns to do such work. At a recent visitor's day, Miss Newton and Miss Rowe of the Village School gave a demonstration of this type of work. This was the first demonstration of its kind to be given in the State, and put your schools in the position of "Creators of History" for the Department of Education in the State of Maine.

Music forms an important part of all school and com-

munity activities. Christmas is the happiest time for our boys and girls. Every school and community had its Christmas tree and program. The major part of all of these programs was music. Every school sang the standard Christmas hymns and carols.

The celebration of the Washington Bicentennial has its connection with music. For the remainder of the year, the lives and music of contemporary musicians of Washington will be studied. Among the great masters are Bach, Handel, Haydn, Mozart and Beethoven, all living and active during Washington's time; and from America, Francis Hopkinson, our first native composer and a close friend of Washington. Your board of Education has planned a Colonial Graduation, and at this time the musical program will be taken from these lessons. The value of such work cannot be overestimated—the pupils not only get musical knowledge from it, but a vast amount of general knowledge. It is the latter that has become a necessity in fitting oneself for life in this modern day and generation.

In conclusion let me say that the elementary study of music has a two-fold purpose: it not only helps students to appreciate the finer branches of art leading to better living, but it quickens the mind and gives them a command of their faculties that no other study can give.

All of the above work has been and is being accomplished by the co-operative efforts of the citizens of Lovell, the board of selectmen, the school board, the superintendent of schools and an efficient teaching staff.

Respectfully submitted to the citizens of Lovell, this first day of February, 1932.

H. A. D. HURD,

Supervisor of Music.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Lovell:

Following is my report of the conditions existing in your schools for the year ending February 6, 1933.

Some time ago I received a letter from the principal of Fryeburg Academy, in which he said, "The Lovell students are as well prepared as any of the students. That condition was not true some years ago, and I think you are to be complimented on the increased efficiency of the Lovell schools."

This commendation was most gratifying to me, but all the credit is due to you townspeople who have furnished the funds to hire exceptional teachers, to buy the best of textbooks for their use, to furnish supplies and to extend the school year to thirty-four weeks.

We have been fortunate in having such a teacher as Miss Rowe as dean of our teaching corps. A woman of unblemished character, well educated, experienced in her profession, and with an understanding of young people which is invaluable, she gives of her best to her school and works always for their interest and that of the town. Of Mrs. Pinfold at North Lovell and Miss Newton at the Village Primary, I can say the same. In everything but experience, Miss Pederson, at the Center, and Miss Ring, at Slab City, are equally qualified for their positions.

Our textbook account is large because of the extra pupils and the scarlet fever epidemic at the Village when we had to burn so many to safeguard the health of the pupils.

Our schoolhouses need repairs, but with a small appropriation for those absolutely necessary, they will be all right for another year.

The bill for secondary school tuition is very large, which accounts for the overdraft of \$287.75. You appropriated \$2,300.00 for this account, but we could not save enough from the common school money to pay the \$598.00 deficit. This is a bill for which the school authorities are not responsible, nor can they reduce it in any way. Personally, I am rejoiced to see so many of our young people in secondary school and I honor those parents who are making such heroic sacrifices to keep them there.

The school committee has tried in every way to keep the expenditures within the appropriations and to save all money possible. They have given their services for the past year, amounting to \$40.50, and I have voluntarily cut my salary 14% for the ensuing year.

Having seen what the music course has done for the schools at the graduation last June and at the several Christmas exercises, I leave you to decide whether it has been worth the small amount it cost last year, and if we may have enough to carry on this work.

Textbooks and supplies,	300.00
Repairs,	100.00

Total to be raised for all school purposes, \$5,875.00

I have made the preceding recommendations based on a 32-week year. I know our schools cannot be kept up to the present standard in this time, but if we can keep our teachers, they will do more toward it than any we may be able to hire for starvation wages.

I appeal to you, mothers and fathers; I appeal to you, who realize the importance of good schools, and to you who are not blinded by envy and jealousy to give our children a "square deal." In spite of all the talk we have heard, I still have faith that you will not fail in your duty to the town's most valuable assets, the children in our common schools and the splendid group in secondary schools.

Respectfully submitted,

LOTTIE M. PALMER,

Superintendent of Schools.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Lovell:

I have the pleasure of submitting to you my report of the conditions existing in your schools for the year ending February 9, 1934.

We still have three of our last year's teachers—Miss Rowe and Miss Newton at the Village and Mrs. Pinfold, who was transferred from North Lovell to Slab City in the fall. Of these teachers I need not speak, for their work is well known. Miss Gladys Moulton is giving good satisfaction at North Lovell. When Miss Pedersen, at the Center, was called home in the late autumn, we were fortunate in securing the services of Mrs. Gross, a teacher of much experience and a most cultured and refined woman, to take her place.

We have paid secondary school tuition for twenty-four students at Fryeburg Academy, one at Norway High School and one at Paris High School.

Our new system of reading is proving to be exceptionally good. Visit any of our entering classes and see for yourself how quickly our small people are learning to read.

The schools need more maps, for most of those in use were published before 1918. It is practically impossible to do good teaching with them. One set has been purchased for the Center School this year.

All of our schoolhouses need repairing, but this work can go for a while longer. The floor at Slab City is badly worn and should be replaced. There should be some work done on the interior of the Village Schoolhouse.

You will note that we have a substantial balance on our Repairs Account, and I recommend that this sum be applied on an appropriation for putting the Village Schoolhouse clock into running condition. Certainly we are not holding forth much inducement for anyone to help us when we neglect such a valuable gift as this electric clock.

While the work of the schools has been generally satisfactory, the loss of a music supervisor has been deplorable. While our teachers are of the best, it so happens that they are not strong in music, yet do excellent work in that subject under supervision. For a small amount, so small that not one of you will ever notice it in your taxes, we can give our children this privilege. I strongly recommend that we raise the money necessary for this course.

I have not encouraged the teachers to put on many entertainments, for our school year is so short that they have not had the time to spare. The State Course of Study is laid out for thirty-six weeks, so we are four weeks short. I hope that after this year we can have at least thirty-four weeks of school per year, but we will do all we can in the time we have.

Where possible, hot lunches should be served in school during the winter months. Mrs. Pinfold has done so at Slab City; at the Center, the school is so large and the lunch hour so short, it was deemed unwise to attempt it; while at the Village, it was impossible for the teachers to be cooking in one room and teaching in another.

School	Teacher	Registration	Salary per week
Village Grammar	Sadie Rowe	19	\$16.00
Village Primary	Grace Newton	24	15.00
Center	Celia Gross	27	15.00
Slab City	Sarepta Pinfold	18	14.00

The amounts requested seem large, but when we consider that more than half of our taxes are paid by non-residents, that Lovell is one of the richest rural towns in the state, that our tax rate is one of the lowest, and that we pay nearly, if not quite, the smallest per cent of our taxes for schools, cannot we afford to pay our teachers a living wage and give our children all the advantages they can have in rural schools?

The Great Teacher gathered little children around Him and said, "And forbid them not, for of such is the kingdom of Heaven." Surely we must not deny our small people the opportunity for obtaining that knowledge which will open for them a better way of life than we have known.

Respectfully submitted,

LOTTIE M. PALMER.

*To George C. Coe, a Constable of the Town of Lovell, in
the County of Oxford and the State of Maine:*

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lovell, qualified to vote in town affairs, to meet at the town house in said town on Monday, the 4th day of March, A. D. 1935, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the year ensuing.

Art. 3. To see if the town will accept the report of the municipal officers for the year 1934.

Art. 4. To choose all other necessary town officers.

Art. 5. To see what sum of money the town will vote to grant and raise for the support of common schools for the ensuing year. 48-4

Art. 6. To see what sum of money the town will vote to grant and raise for secondary tuition for the ensuing year. 24-2

Art. 7. To see what sum of money the town will vote to grant and raise for textbooks and supplies for common schools for the ensuing year. 37-2

Art. 8. To see what sum of money the town will vote to grant and raise for the repairs on school buildings for the ensuing year. 1

Art. 9. To see if the sum of \$30.00, or more, will be raised for school nursing in the Town of Lovell under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 10. To see what sum of money the town will vote to grant and raise for music in the public schools for the ensuing year. 2

Art. 11. To choose one member of the school board, who shall serve three years and one for one year.

Art. 12. To see if the town will vote to pay the school board for their services and how much.

Art. 13. To decide by vote how to have your taxes collected for the ensuing year.

Art. 14. To choose a collector of taxes and decide by vote the rate of collection per dollar.

Art. 15. To see what action the town will take in the time and method of collecting its taxes as permitted by Section 1, Chapter 11, Laws Relating to Taxation, State of Maine.

Art. 16. To see if the town will vote to purchase the bonds required by law for the town officers for 1935, and raise money for the same.

Art. 17. To see what sum of money the town will vote to grant and raise for town charges for the ensuing year.

Art. 18. To see what sum of money the town will vote to grant and raise for support of poor for the year ensuing.

Art. 19. To see what sum of money the town will vote to grant and raise for repairing highways, town ways and bridges for the ensuing year.

Art. 20. To see if the town will vote to grant and raise for the (so-called) 50-50 maintenance work on State aid road, in addition to the amount raised for highways and bridges, the sum of \$50.00.

Art. 21. To see if the town will vote to grant and raise for maintenance of third class road, in addition to the amount raised for highways and bridges, the sum of \$768.00.

Art. 22. To see what sum of money the town will vote to grant and raise for cutting down bushes on State aid road and third class road, in addition to amount raised for highways and bridges.

Art. 23. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20, of Chapter 28, of the Revised Statutes of 1930. 200

Art. 24. To see what sum the town will appropriate and raise for the improvement of the sections of State aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges), under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under provisions of Section 3, Chapter 175, Public Laws of 1933. 100

Art. 25. To see if the town will instruct the selectmen to enter into an agreement with the State Highway Commission for patrolling such highways as they may agree upon. 400

Art. 26. To see what sum of money the town will vote to grant and raise for patrolling such highways as the selectmen and State Highway Commission agree upon.

Art. 27. To see if the town will vote to authorize the selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town; such notes to be paid during the current municipal year out of money raised during said current municipal year by taxes. 300

Art. 28. To choose a winter road commissioner who shall have charge of snowplow, plowing the roads, housing snowplow, and making out payrolls for snow removal, etc.

Art. 29. To see what sum of money the town will vote to grant and raise, in addition to the amount raised for the care of highways and bridges, for plowing the highways from February 6, 1935, to February 6, 1936.

Art. 30. To see what sum of money the town will vote to grant and raise for repairs, insurance and housing snowplow.

Art. 31. To see what sum of money the town will vote to grant and raise to purchase snow fence for A. D. 1935, and vote the number of feet to be purchased.

Art. 32. To see what sum of money the town will vote to grant and raise for street lights and lights for school-houses for the ensuing year.

Art. 33. To see if the town will vote to elect an inland fish and game warden, whose duty it shall be to care for and protect the fish screen at the outlet of Kezar Lake, with powers as given under Section 12, Chapter 33, of the Revised Statutes, as amended by Chapter 219 of the Public Laws of 1917.

Art. 34. To see if the town will vote to elect one or more fire wards, fix their compensation, and raise money for the same.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Lovell:

Following is my report of the conditions existing in your schools for the year ending February 9, 1935.

We are fortunate in being able to retain our efficient teachers, Miss Rowe in the Village Grammar School, Mrs. Pinfold at Slab City, and Miss Moulton at North Lovell. At the Center, Mr. Abbot is doing good work, especially with his boys, and Miss Renski is proving most satisfactory in the Village Primary School.

Dr. Logan has shown much interest in the health of our pupils. Last spring he vaccinated all those whose parents requested it. His services were free, the only expense being for the vaccine used and this was paid from the Supplies Account. We school people are most grateful to him for his help.

During the year secondary tuition has been paid for twenty-three students at Fryeburg Academy, two at Norway High School and one at Paris High School. We have ten pupils in our eighth grade whom we expect will enter the freshman class next fall.

This year many of the old arithmetics, geographies and English books had become so worn that they could not be used so more modern ones were introduced. Not all schools have these new books, but as the old ones give out entirely, they will be replaced by the new ones. I urge you to examine the new arithmetics, particularly, for I consider them most practical. A map of modern Europe has been purchased for the Grammar Room at the Village which is in daily use.

A set of six fire extinguishers have been installed around the furnaces at the Village School at a cost of \$24.00.

We have renovated the inside of the Center schoolhouse and this year it should be painted on the outside. A new floor has been laid in the Slab City schoolhouse and we

have some paint on hand toward painting the interior. The Village schoolhouse needs repairs badly, but to do all the work required would cost more than we can afford at this time. There is a chance that Federal money may be available for repair work on schoolhouses and if so, we may be able to get help on this big expense.

Our music work has been very satisfactory and I need not tell you that it has been well worth the small appropriation.

Mrs. Pinfold has served hot lunches daily at Slab City this winter. Canned soup has been furnished by the government and this has been used at the Center and North Lovell but not regularly.

School	Teacher	Registration	Salary per week
Village Grammar	Sadie Rowe	24	\$17.00
Village Primary	Josephine Renski	25	16.00
Center	Thomas Abbott	23	18.00
Slab City	Sarepta Pinfold	16	15.50
North Lovell	Gladys Moulton	14	15.50

RECOMMENDED APPROPRIATIONS

Teachers, five positions, 34 weeks,	\$2,875.00
Janitors,	425.00
Fuel,	300.00
Conveyance,	1,600.00
	<hr/> \$5,200.00

ESTIMATED RESOURCES

Unexpended balance, 1934-35,	\$154.38
State school fund, apportionment,	900.00
Interest on school fund,	125.00
Tuition from Fryeburg,	34.00
	<hr/> \$1,213.38

Total to be raised for common schools,	\$4,000.00
Secondary school tuition,	\$3,000.00
State school fund, apportionment,	700.00
	<hr/>

Total to be raised for secondary

school tuition,	\$2,300.00
Textbooks and supplies,	300.00
Repairs,	200.00
Music,	200.00

The amounts asked for our schools are staggering when viewed in one way, but when you know that for every child in our common schools and for whom we pay secondary school tuition, we have taxable property to the amount of \$4,175.00, or for the one hundred twenty-four children in all we have \$517.00, 700 which may be taxed, you can readily see that the burden of education will be light. (These figures are from the State Department of Education.)

The Lovell schools compare very favorably with those of other rural towns, and this is due to the fine class of pupils in them and to the broadminded policy of the citizens in providing sufficient funds for their maintenance.

Respectfully submitted,

LOTTIE M. PALMER,

Superintendent of Schools.

To Ben Russell, a Constable of the Town of Lovell, in the County of Oxford and the State of Maine,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lovell, qualified to vote in town affairs, to meet at the town house in said town on Monday, the 2nd day of March, A. D. 1936, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the year ensuing.

Art. 3. To see if the town will accept the report of the municipal officers for the year 1935.

Art. 4. To choose all other necessary town officers.

Art. 5. To see what sum of money the town will vote to grant and raise for the support of common schools for the ensuing year.

Art. 6. To see what sum of money the town will vote to grant and raise for secondary tuition for the ensuing year.

Art. 7. To see what sum of money the town will vote to grant and raise for textbooks and supplies for common schools for the ensuing year.

Art. 8. To see what sum of money the town will vote to grant and raise for the repairs on school buildings for the ensuing year.

Art. 9. To see if the sum of \$30.00, or more, will be raised for school nursing in the Town of Lovell under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 10. To see what sum of money the town will vote to grant and raise for music in the public schools for the ensuing year.

Art. 11. To choose one member of the school board, who shall serve three years and one for one year.

Art. 12. To see if the town will vote to pay the school board for their services and how much.

Art. 13. To decide by vote how to have your taxes collected for the ensuing year.

Art. 14. To choose a collector of taxes and decide by vote the rate of collection per dollar.

Art. 15. To see what action the town will take in the time and method of collecting its taxes as permitted by Section 1, Chapter 11, Laws Relating to Taxation, State of Maine.

Art. 16. To see if the town will vote to purchase the bonds required by law for the town officers for 1936 and raise money for the same.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Lovell:

Permit me to submit to you my report of the conditions existing in your schools for the year ending February 12, 1936.

The Great Teacher said, "Ye shall know them by their fruits," and we know our staff of teachers by the progress our children have made in their school work, and by those qualities of coöperation, good sportsmanship and loyalty which our pupils show to a marked degree. Our teachers are largely responsible for developing these qualities which make our people welcome students in the secondary schools. We have the same teachers as last year, except in the primary room at the Village we have Miss Doris Bryan, of Portland, in Mrs. LeGoff's position. We are fortunate in having teachers who take much interest in community affairs.

Our students in high school are sending back good ranks which are most gratifying. Tuition has been paid for three students at Norway High, one at Gould Academy, one at Good Will Farms and twenty-two at Fryeburg Academy. There will be a much larger group next year.

We are proud of our modern, up-to-date textbooks, for which the teachers extend grateful thanks to you. It will please you to know that the pupils are making good use of them.

We have placed a new roof on the front of the Village schoolhouse, painted the outside of the Center schoolhouse and remodeled the shed there into a recitation room in order to care for the children from Slab City who have been brought to the Center, where we have the same type of school as at the Village.

We are most happy to see the results of our music teaching, our children being asked to sing out of town, thus bringing credit to our schools; a junior choir at both the Village and Center and many children singing who never would have done so without the instruction received at school.

School	Teacher	Registration	Salary per week
Village Grammar	Sadie Rowe	26	\$17.00
Village Primary	Doris Bryan	27	16.00
Center Grammar	Thomas Abbott	19	18.00
Center Primary	Sarepta Pinfold	21	15.50
North Lovell	Gladys Moulton	14	15.50

We are submitting the following recommended appropriations for your consideration. You will note that we are asking for \$400.00 less for common schools than you gave us last year and that the total appropriation for all school purposes is the same as last year in spite of the increase in secondary school expenses.

RECOMMENDED APPROPRIATIONS

Teachers, five positions, thirty-four weeks,	\$2,788.00
Janitors,	425.00
Fuel,	250.00
Conveyance,	1,920.00
	<hr/> \$5,383.00

ESTIMATED RESOURCES

Interest on school fund,	80.00
	<hr/> \$1,784.45

Total to be raised for common schools, **\$3,598 55**

Secondary school tuition,	\$3,500.00
State school fund apportionment,	700.00
	<hr/> \$2,800.00
Textbooks and supplies account,	\$300.00
Repairs,	400.00
Music,	200.00

The school committee and superintendent meet the first Wednesday of each month, except July, at the Center schoolhouse at 7.30 P. M. Should you have any suggestion which will help to make our schools more efficient, you will be most welcome to any, or all, of these meetings.

Respectfully submitted,

LOTTIE M. PALMER,

Superintendent of Schools.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of
Lovell:

Permit me to submit my report of conditions existing in your schools for the year ending February 1, 1937.

In spite of the "more abundant life" of the New Deal and the tendency to spend without a thought of the morrow, we people of Maine still retain our heritage from sturdy, thrifty ancestors and demand one hundred cents value for every dollar spent. In this report I wish to give you a complete account of all expenditures for the past year and to lay before you certain proposals which will give you a more efficient school system and at the same time use less of the taxpayers' money.

We have had excellent teachers for the amount we have paid them. Miss Moulton did not return to North Lovell in the fall and our own Olive Eastman is working hard there; Mr. Abbott and Mrs. Pinfold resigned in the spring and the Scott sisters, Miss Vivian and Miss Adelaide, are carrying on the work so well begun; Miss Rowe and Miss Bryan are getting very satisfactory results at the Village and Miss Frances Rich is taking good care of her small flock at Slab City.

That we have had efficient instructors in the past is shown by the record of our secondary school students; two at Norway High, one for a short time at Bridgton High, one at Deering High, two at Gould Academy and twenty-four at Fryeburg Academy. Last June Yvonne LaRoque was graduated from Fryeburg Academy, winning the First Latin Prize for Girls and the Elizabeth W. Tinker Prize in History, and tying for first honors for girls; Miss Elizabeth Davey won the Elizabeth W. Tinker Prize in French. Miss LaRoque is attending the Beeker Commercial College and Miss Davey is at the North Hampton School for Girls. The following students were on the Honor Roll for the

first semester this year: William and Franklin Brooks, Arlene Libby, Willard Warren, Virginia Adams. Donald Kilgour is a senior at the University of Maine.

We have finished roofing the Village schoolhouse and have installed additional lights in the schoolrooms there, which were required to properly light those rooms. Some other minor repairs, including those on the swings, have been made. Nothing has been done on replacing the condemned toilets at the Village as a substantial appropriation will be needed to install a water supply and the new ones. This must be done as we shall not be allowed to maintain school in the building until it is. The State Board of Health order the installation of these new toilets as soon as it can be done.

Some work must be done in the building for the plaster has fallen in places, is smoke stained and discolored in others and new paint is badly needed. The repairs appropriation will be largely used for this purpose. You are urged to visit that building and inspect it before town meeting.

You are also requested to give careful thought to the proposal to erect, or otherwise provide, a new two-roomed school building at the Center. Should this be done the pupils from North Lovell and Slab City can easily be transported there, giving all the children in the upper part of the town far better school privileges at a lower cost to the taxpayers. This proposal will be thoroughly discussed at town meeting.

Our music course needs no comment. Through the kindness of the following friends a course in art has been made possible the past year. Their generosity has been greatly appreciated by those interested in the welfare of the schools:

Dr. Herrman L. Blumgart	Mrs. W. C. Proctor
Mrs. John Halford	Mrs. Mary I. Stearns
Mrs. E. H. Morrison	Mrs. J. A. Fritz
Mr. Albert Stearns	Mrs. H. M. Lyons
Mrs. R. M. Eastman	Mrs. E. W. Paisley
Mr. Arthur A. Knights	Mrs. George Wright

School	Teacher	Registration	Salary per week
Village Grammar	Sadie Rowe	22	\$17.00
Village Primary	Doris Bryan	27	16.00
Center Grammar	Vivian Scott	13	15.50
Center Primary	Adelaide Scott	21	15.50
Slab City	Frances Rich	9	15.50
North Lovell	Olive Eastman	11	15.50

After carefully considering the probable needs of the schools for the coming year, the following budget is respectfully submitted for your consideration:

RECOMMENDED APPROPRIATIONS

Teachers, six positions,	\$3,638.00
Janitors,	460.00
Fuel,	300.00
Conveyance,	1,700.00
	<hr/> \$6,098.00

ESTIMATED RESOURCES

Unexpended balance, 1936-1937,	\$936.47
State school fund apportionment,	900.00
Interest on school fund,	100.00
	<hr/> \$1,936.47

Total to be raised for common schools,	\$4,100.47
Secondary school tuition,	\$3,200.00
State school fund apportionment,	800.00
	<hr/> \$2,400.00
Textbooks and supplies,	250.00
Repairs,	250.00
Music course,	200.00
Art course,	200.00

It was a step up when the West Lovell and Village schools were consolidated, and when all the pupils in the northern part of the town are gathered into another building, modern and up-to-date, Lovell will have a school

system of which we may well be proud. Sooner or later this is what we shall have to do, so why not get on the band wagon and take our place in the procession of progressive towns?

I submit this report and these proposals to a body of intelligent citizens, confident they will act wisely in our school affairs.

Respectfully submitted,

LOTTIE M. PALMER,

Superintendent of Schools.
